

Advanced Colorectal Surgery Clinical Immersion

The aim of this 2-day educational program is for current CSSANZ Fellows performing advanced Colorectal procedures to advance their knowledge and skillset in Maximally & Minimally Invasive Colorectal surgery.

With the clinical expertise and extensive experience, The Peter Mac Colorectal unit has collaborated with Medtronic to provide customisable educational offerings to meet the needs of CSSANZ Fellows:

- Low Rectal / Pelvic cancers
- Exenteration
- Advanced
- Robotics
- Peritonectomy
- CME

At the conclusion of this course, the visiting delegates will be able to:

- Identify and demonstrate an in-depth knowledge of advanced techniques in complex Maximally & Minimally Invasive and Robotic colorectal surgeries.
- Identify outcomes to integrate complex Maximally & current surgical practice
- Explain management strategies for intra and post-operative complications.

Dates:

24th & 25th October 2024
